Mrs K Kennerly, Learning Support Assistant

Miss K Jeffers, Learning Support Assistant

Mrs A Webb-Reilly, Learning Support Assistant

The learning support department is responsible for supporting those of our pupils who have Special Educational Needs or Disabilities. Most Learning Support Assistants are deployed to departments supporting pupils and teachers to ensure that all our pupils are able to access the secondary curriculum. The LSAs also withdraw pupils during the day for various learning and behaviour interventions. Our team of BSAs are deployed to support students who need extra supervision to engage fully with school routines.

Both LS1 and the Inclusion Centre (LS2) are places where pupils who are not able to be accommodated in regular classes, for a variety of reasons, can be taught in a quiet and calm environment until they are able to be returned to mainstream school.

In Key Stage 4 we are able to offer the Prince's Trust qualification. This is a level 1 or 2 qualification which is recognised by colleges and concentrates on developing skills for life.
