

The role of the Lay Chaplain

2021

This document is intended to provide some clear guidance for all as to the various roles and responsibilities that form the minimum expectations required of this role within our school. It also seeks to outline the role that the post holder will play in supporting and contributing to the distinctive nature and ethos of our Catholic school.

Job Description & Person Specification

The school motto is 'Laborare et Orare'
This is a Latin phrase that means to 'work and pray'

Charity is an exercise, a training, a discipline of shaping our character to become less of 'me', but more of 'us', as the community. **Charity means** giving something to those in need without an expectation or wanting something back in return.

Humility, you are humble when you are free from pride and arrogance. You know that in your flesh you are inadequate, yet you also know who you are in Christ. **Humility** or humbleness is a quality of being courteously respectful of others. It is the opposite of aggressiveness, arrogance, boastfulness, and vanity. Rather than, "Me first," **humility** allows us to say, "No, you first, my friend."

Simplicity, the quality or condition of being easy to understand or do, the quality or condition of being plain or uncomplicated in form or design, the focus of being unconcerned with the latest fads remembering to focus on the important things – being more not simply wanting more'.

Service is something that we do to others, where we show love and kindness to everyone, even to those who do not treat us well. We can serve others in many ways, and we should ensure that we use every opportunity that we can. Relationships and showing that we care is one of the most valuable ways to serve others.

Unity is oneness; **unity** is not uniformity. Unity is about standing together for those things that are right and decent, for those who need support, for justice and reconciliation.

The Bishops' Memorandum sets out the Catholic Bishops' Conference of England and Wales' expectations about the appointment of staff in Catholic schools.

The preservation and development of the quality and distinctive nature of Catholic schools depends on the faith, practice and commitment of the teachers in the schools, working with their Governing Body. The Catholic Church understands the vocation of a teacher and other adults who work in schools as a form of ministry within the Church.

All adults who work in Catholic schools are employed to participate in the Church's teaching office, exercising this ministry in accordance with the Church's teachings. This requires all adults who work in Catholic schools to be witnesses in word and deed to the Divine Teacher, Jesus Christ.

To find adults to work in Catholic schools who combine personal conviction and practice of the faith with the required professional qualifications and experience, especially in specialist subjects, is always a high priority.

The recognition of the role that Catholic teachers and staff play stands alongside the value we place on teachers and staff of other Christian denominations, other Faiths and other teachers who contribute to and support the Catholic ethos in our schools. We recognise the great contribution they make in helping to ensure that our pupils are equipped to communicate with and participate in contemporary society.
