

## Year 11 Exam Results 2016

Pupils and staff are celebrating some excellent achievements with the release of GCSE results this year. The examination accountability system has changed and schools are now judged on the **progress** each individual child makes and how the school has **added value** to that child's education rather than just an attainment figure of 5A\*-C. Yet again the progress that pupils are making is improving year on year and we congratulate students for all their dedication and hard work throughout their five years with us at Harrytown Catholic High School. We wish them all continued success in the future.

Progress 8	-0.26
<i>A new government measure that indicates how much progress students made during their time at School.</i>	
Attainment 8	47.62
<i>A new government measure that indicates how well pupils achieved across 8 specified subjects.</i>	
Good pass in Mathematics and English	52%
<i>Percentage of pupils who achieved C+ in Mathematics and English GCSE</i>	
English Baccalaureate	22%
<i>Percentage of pupils who achieved the English Baccalaureate</i>
